Vloedvlak Colombar 2023

The 2023 Vloedvlak is a 100% Colombar wine from a old vine vineyard planted in 1978 on the banks of the mighty Olifants River. The Vineyard is located about 25 kilometres from the Atlantic Ocean.

Grapes were picked early in the morning to preserve freshness, then cooled down before being pressed the next morning.

Whole bunch pressing was done without the addition of any enzymes, then left overnight to settle in a stainless steel tank, before being racked to another stainless steel tank for natural fermentation to commence.

The last bit of Fermentation took place in 228 liter barrels where the wine was aged for 5 months on it's gross lees, with 2 months of battonage.

Bottled with the addition of a little sulphur, unfinned and unfiltered.

W.O. Olifants River

Vineyards: These Vineyards were planted in 1978 on Silty soils about 25 kilometres from the Atlantic ocean.

Tasting Notes: Nose: Floral, lime, yellow fruits , minerals, Kelp, Umami. On the mouth there is an intense sensation of saltiness with hints of lime and peach coming through.

ALC: 10.94% TA: 7.6 RS: 1.4 PH: 3.25
